IN OUR 79th YEAR

Murray, Ky., Saturday Afternoon, October 11, 1958

MURRAY POPULATION 10,100

Vol. LXXIX No. 242

LIKE PEOPLE—Porpoises, even as you and I, enjoy a bit of back-scratching now and then, and here's one cruising upside down to make use of the brushes on floor of the Miami Seaquarium.

Two Taken On Whiskey Possession

Two men were arrested yesterday in Calloway County on liquor charges, according to information received from the sheriff's office.

Buel Stroud was arrested shortly after 3:00 yesterday afternoon. He was charged with having whiskey for sale in a dry option county. The sheriff said that at the time of his arrest, Stroud had six pints of gin and two fifths of whiskey in his possession.

Stroud posted an appearance bond of \$300 and was released to come before Judge Rayburn next Monday morning for trial.

The arrest was made by the sheriff's office. Charles Adams, alcohol agent for the state, was present at the time of arrest.

Elbert Garland was also arrested yesterday, and charged with selling and possession of liquor, said the sheriff. When searched, Garland was found to have two pints of moonshine whiskey, according to Sheriff Unbluffed.

Garland was still in the county jail this morning pending his hearing before Judge Rayburn today.

Weather Report

United Press International

Kentucky Weather Synopsis:
Kentucky Weather Synopsis:
The cold front that was over Kentucky early Friday morning moved rapidly eastward in the last 24 hours and this morning was lying along the Atlantic Coast. A high over Missouri will move eastward and by Sunday morning should be centered over eastern Kentucky. West Virginia. Showers were scattered from the state Friday morning but by afternoon skies were clearing throughout most of the state. With the high in Missouri influencing the weather in Kentucky, temperatures should be rather cool today and tonight with frost indicated for most sections of the state tonight. However, as the high moves eastward, a moderation in temperatures will take place with warmer readings indicated for Sunday. Skies will be clear to partly cloudy and there will be no precipitation for the next 48 hours.

Winds will subside today and tonight.

Outlook for Monday—Partly cloudy and a little warmer.

Regional Forecast:
All sections of Kentucky—Sunny and cool today, high 62 to 67. Fair and cold with scattered frost tonight, low 35 to 39. Sunday mostly sunny and a little warmer, high 68 to 73.

Tobacco Curing Advisory:
Relative humidity was high Friday morning, but had dropped to 30 to 35 per cent in the afternoon, giving good curing weather for burley for the day. Dry air over the state today will result in low humidity today, and low temperatures tonight. If there is uncurd tobacco in the barn, fires should be started tonight to keep the temperatures in the barn above 50.

TV CAUSES FIRES

NEW YORK (UPI)—Fire Commissioner Edward F. Canavan blamed television Sunday for at least part of a 90 per cent increase in kitchen fires this year. Canavan said most of them occur between five and seven in the evening. He suggested cooks keep their eyes on the pot instead of the TV screen.

Airport Board Is Appointed Here

An ordinance was passed last night in a call meeting of the Murray City Council setting up an Airport Board and naming the three members of the board to represent the city. Such action has already been taken by the Fiscal Court and three members to represent the county have been named.

The six men board, will in the language of the ordinance "establish, construct, maintain, operate and control" the airport which at the present time is a project of this Chamber of Commerce.

The three members representing the county are Bill Thurman, Verne Kyle, and Buford Hurt. The three members representing the city are George Hart, Glen Doran and Hugh Oakley.

The Junior Chamber of Commerce has raised about eight

Calloway Has Four District Champions

Calloway County won four 4-H District Project Champions, six blue ribbons, two red ribbons and one white ribbon. Each of these club members were County Project Champions.

The District Project Champions are: Sandra Bedwell—Clothing; Donna Ruth Grogan—Canning; Lorna Ross—Yard Improvement; Annette Palmer Jones was honored as District Tobacco winner for 1957.

Those selected County Project Champions and winning blue ribbons at District were: Janet Like—Junior Leadership; Eva McCallon—Frozen Foods; Donna Ruth Grogan—Housekeeping; Sandra Smith—Beef.

Those County Project Champions winning red ribbons at District were: Janet Like—Good Grooming and Barbeque Jo Weather—Room Improvement.

County Project Champion winning white ribbon at District was Joe Green—Entomology.

Special project winner was Nancy Bazzell in Health. This record will be judged at State level.

This District 4-H Achievement was held at McCracken Court-house at Paducah on Thursday evening at 4:00 p. m. Here the County Project Champions from nine counties, Livingston, Graves, Carlisle, Fulton, Hickman and Marshall, McCracken, Ballard, Carlisle, Fulton, Hickman and Calloway, met to compete on the district basis. These 4-H Club county champions were guests at dinner of the Paducah Chamber of Commerce, Mr. Conrad Eitner, District 4-H Club leader, and Miss Margaret Gutley, District 4-H Club leader, assisted in judging the records and in interviewing the county champions.

Sound Sleeper

ROME (UPI)—A non-stop horn awakened nearly everyone in the neighborhood. The police were summoned to find Francesco Porro, 43, fast asleep against the horn of his parked truck.

IN WITNESS WHEREOF, WE have hereunto set our hands and caused the seal of City of Murray and County of Calloway to be affixed.

(Signed) Holmes Ellis
Waylon Rayburn

Statistics

CAPE CANAVERAL, Fla. (UPI)—Vital statistics of today's moon rocket:

Total height: 38.1 feet.
Total weight: 32.2 tons.
First stage: Standard Air Force Thor intermediate range ballistic missile; weight, more than 50 tons; thrust, approximately 150,000 pounds; liquid fuel.
Second stage: Modified Vanguard second stage as used in Thor-Able tests with addition of eight spin rockets. Liquid fuel ignites automatically on contact with oxidizer; weight, more than two tons; thrust, about 7,500 pounds.
Third stage: Advanced Vanguard third-stage; solid fuel engine; stage together with payload covered by streamlined nose cone to be jettisoned after second stage separation; weight, more than 400 pounds; thrust, about 2,500 pounds.
Payload: Contains solid propelled "terminal" rocket to propel the fourth stage by the Air Force in nose to brake vehicle when approaches lunar gravity; instrumentation package contains batteries, telemetry, ion chamber to measure radiation, and electronic scanner. Telemetry includes measurement of meteorite density, earth and moon magnetic fields and thrust chamber of terminal rocket to determine if it fires; weight of payload, 85 pounds; weight of instruments, 25 pounds; thrust of terminal rocket, 3,000 pounds.

Proclamation

WHEREAS the U.S. Oil industry stands on the threshold of completing a century of service to the American people and

WHEREAS its first 99 years exemplify steadfast adherence to the basic principles of our democracy; liberty of the individual, equality of opportunity, and freedom of competitive enterprise, and

WHEREAS its pioneering spirit has contributed to the prosperity of the people and the security of the nation, and

WHEREAS the men and women of oil are anticipating the economic and social challenges that they must meet in order to endow our children and our children's children with an even better way of life, and

WHEREAS the week of October 12 to 18, inclusive, has been designated as Oil Progress Week, a period during which the million and three-quarters oil men and women will give firsthand reports to their fellow townsmen on their progress and hopes for the future.

NOW, THEREFORE, WE, Holmes Ellis, Mayor, City of Murray and Waylon Rayburn, Judge, Calloway County, do hereby proclaim the week of October 12-18 inclusive, Calloway County Oil Progress Week and do commend to the attention of the citizens of our community, the many and varied contributions of oilmen and oil companies to our increasingly higher standards of living, to the enrichment of our future.

Propose Rate Increase

WASHINGTON UPI—Postmaster General Arthur E. Summerfield proposed Monday a 17.1 per cent increase in fourth-class parcel post and catalog rates to put the service on a paying basis.

Civitan Club Being Formed In Murray

An organizational dinner meeting given by the Cadiz Civitan Club, the Kentucky Colonel Thursday night was well received locally and a club was established in Murray to be known as the Murray Civitan Club.

Civitan is a national organization composed of business and professional men working together toward the improvement of their city and community and gets its name from the Latin word, Civitas, which means citizenship.

James Guest, Lt. Governor of the Valley District which includes parts of Illinois, Kentucky and Tennessee presided at the meeting Thursday night which opened with prayer by Bro. T. A. Thacker.

Another meeting is planned for Thursday night at the Kentucky Club which will include plans for the election of officers. At this meeting final plans will be made for "charter night."

To form a new Civitan club it is necessary to have a charter membership of twenty-five. The Murray group already has sixteen such members and will accept a number of others on "charter night." The wives of the Civitans will be invited to attend this meeting.

Charter members of the Murray Civitan Club are: Bro. T. A. Thacker, W. O. Presson, Dr. James M. Byrn, James M. Coleman, Jim Davenport, Aubrey P. Willoughby, William I. Johnson, John L. Williams, Bill Parker, Woodrow Rickman, James A. Parker, Walter Stallard, Thomas Jones, Richard C. Denton, Cohen Stubbfield and Hafford Jones.

City Resident Passes Away

Mrs. Charlene Jones, died Thursday morning at 11 o'clock at her home at 207 South Third street after a two weeks illness. She is survived by her husband, Fayette Jones, 207 S. 3rd street; two daughters, Mrs. Juanita Jones, Murray; Mrs. Roberta Jones, Detroit, Mich.; Joe Jones, Knoxville, Tenn.; James Jones, Jackson, Mo.; Clotus Jones, Joplin, Ill.; three sisters, Mrs. Lola Henderson, RFD 1, Alamo, Mrs. Tyline Burchett, Detroit, Mich.; Paducah; three brothers, Tip Tucker, Alamo, Ky.; Kelly Tucker, Hardin, Ky.; Alvin Tucker, Hardin, Ky., and seven grandchildren.

The funeral will be conducted Sunday, October 12th, at the Unit Presbyterian Church in Marshall County at two o'clock with Rev. Eura Mathis and Rev. Joe Gardner.

Friends may call at the home until the funeral hour. The Filbeck and Cann funeral home of Benton has charge of the funeral arrangements.

Cub Pack 145 Is Organized

Cub Pack 145 met on Thursday evening at the Carter School and completed organization for the coming Cub Scout year.

Officers elected for this year are as follows: institutional representative, Arlo Soringer; committee chairman, Norman Hale; Cubmaster, John Simmons; assistant, Raphael Jones; secretary, Earl Douglas; activities, Edward F. Brunner; publicity, Carl Fortner; achievement, Lester Nanney.

Four dens were organized with the following accepting positions as den mothers, Den 1, Mrs. Tip Miller; Den 2, Mrs. Charles Tuttle; Den 3, Mrs. Norman Hale; Den 4, Mrs. Jack Ward.

There was a good turnout of parents and cub scouts, with a total of 32 cubs registering for the coming season.

Dr. Brunner Is Speaker At PTA

Dr. Edward Brunner discussed "Guidance With A Meaning" at the monthly meeting of the Murray High School Parent-Teachers Association in the Auditorium Thursday night.

By giving an example, Dr. Brunner showed the audience what guidance means and the audience then participated in a discussion.

Russell Johnson, chairman, presided. H. J. Bryan gave the Devotional.

Superintendent W. Z. Carter presented the new tax levy for the benefit of Douglas High School and the organization approved the levy.

Hostesses for the meeting were Mr. and Mrs. Fred Workman, Mr. and Mrs. Audrey Roberts and Mr. and Mrs. Clyde Steele.

Rocket Is Now Proceeding At 25,000 m. p. h. Toward Its Goal

LETTER TO EDITOR

James C. Williams, Editor
Ledger and Times
Murray, Kentucky

Dear Jim,

Speaking on behalf of Murray Chapter of Junior Chamber of Commerce, I would like to thank you for the wonderful publicity and tournament coverage you gave the Murray Jaycee Invitational.

We feel that the tournament was a huge success thanks to your cooperation.

Yours very truly,
Gene Landolt
Tournament Chairman

City Resident Passes Away

Mrs. Charlene Jones, died Thursday morning at 11 o'clock at her home at 207 South Third street after a two weeks illness. She is survived by her husband, Fayette Jones, 207 S. 3rd street; two daughters, Mrs. Juanita Jones, Murray; Mrs. Roberta Jones, Detroit, Mich.; Joe Jones, Knoxville, Tenn.; James Jones, Jackson, Mo.; Clotus Jones, Joplin, Ill.; three sisters, Mrs. Lola Henderson, RFD 1, Alamo, Mrs. Tyline Burchett, Detroit, Mich.; Paducah; three brothers, Tip Tucker, Alamo, Ky.; Kelly Tucker, Hardin, Ky.; Alvin Tucker, Hardin, Ky., and seven grandchildren.

The funeral will be conducted Sunday, October 12th, at the Unit Presbyterian Church in Marshall County at two o'clock with Rev. Eura Mathis and Rev. Joe Gardner.

Friends may call at the home until the funeral hour. The Filbeck and Cann funeral home of Benton has charge of the funeral arrangements.

Rev. Spearman Accepts Call To Church

Rev. William Spearman, assistant pastor at the First Presbyterian Church for the past two and one-half years in Salem, Ohio, has accepted the pastorate at the College Presbyterian Church here in Murray.

He will assume his duties here on October 13 and will be accompanied by his wife Sylvia and infant son, Steven.

Rev. Spearman is a native of Oklahoma and received his education from Oklahoma University, North Texas Agricultural College, Southern Methodist University, Central State College in Edmond and the Princeton Theological Seminary. He also studied at Hokkaido College in Japan.

He served nine months in the Air Force, two years in the Navy and five years in the Army National Guard, with two years in Korea.

Rev. Spearman succeeds Rev. Orval Austin who resigned his pastorate here recently.

Jobless Increase

LONDON UPI—Unemployment in Britain jumped 30,000 to 476,000 between Aug. 11 and Sept. 15, the Labor Ministry announced today. The total included 60,000 "temporarily" unemployed.

Will Take Two And One-Half Days To Reach The Moon

CAPE CANAVERAL, Fla. (UPI)—An American rocket named "Pioneer" escaped the clutch of earth's gravity today in the first free flight through space and sped on toward a rendezvous with the moon.

Pioneer, launched majestically by the Air Force from Cape Canaveral at 4:42 a.m. EDT, was performing almost exactly according to plan. All three main stages fired successfully. This hurled a 75-pound payload out into the void on its fantastic lunar mission.

It should reach the vicinity of the moon in 2.6 days from launching. If it obtains the desired orbit around it, "it would stay within 49,000 miles of the moon for at least seven days," the Defense Department said.

One hour after launching, it was announced the payload had broken free of the earth's gravity pull and was streaking through space.

Tracked Around Globe

Five big stations across the globe and nine minitrack stations were tracking Pioneer. Their data was funneled to the space technology laboratory in California for reduction to show just where Pioneer was headed.

The Pentagon said the first official report on the rocket's position in its flight to the moon would be made about noon EDT.

Dr. Robert Bennett of the STS, on the scene at Cape Canaveral, said it was hoped to get a good "fix" on the payload by about 1:30 p.m. EDT.

At Jodrell Bank, England, scientists at a giant radio-telescope reported that at 8 a.m. EDT the moon rocket was about 30,000 miles above the earth's surface.

The "main objectives of the moonshot were:

1. To get the rocket payload out of the earth's gravitational field. This was accomplished, and was a historic achievement. It is the first time man is known to have overcome the earth's gravity with an object in space.
2. To collect scientific data during the 221,000 flight to the moon and around it, if orbit is achieved.
3. To control the rocket so that the scientific payload will reach the vicinity of the moon, possibly within 50,000 miles.
4. To achieve proper powered flight performance of the rocket.
5. To put the payload in orbit around the moon, with resulting scientific benefits.

Several things could happen when Pioneer reaches the vicinity of the moon—if it does. It could go into orbit around the moon, caught by the moon's gravitation. It could score a direct hit on the moon. Or it could score a near, or not so near, miss and wander into space.

This was a crowning day of triumph for the Air Force and for missile men everywhere. For even if Pioneer did not reach the moon, it had achieved one of the major break-throughs in space research.

Some 120 reporters and photographers applauded Maj. Gen. Donald N. Yates, commander of the missile test-center here, when he appeared for a news conference with test directors two hours after the shoot.

Resembles Top

The Pentagon said the historic Pioneer "resembles a huge top." It said the robot, 35 inches long and 29 inches in diameter, is rotating at a rate of 200 revolutions a minute.

Small "spin" rockets were fired by remote control a few minutes after the launching to set-up the stabilizing rotation.

The most important remaining operation will be the firing by remote control of the "retro-rockets" when the robot is nearing the moon.

Dr. Abe Silverstein, director of space development of the new National Aeronautics and Space Administration which has overall control of the project, told reporters that the flight was a success in that "each component worked as expected."

He said all three rocket stages worked, the verniers were fired successfully on the payload, and the spin rockets also functioned to send the package on a barreling path.

But Dr. Louis Dunn, president of the space technology lab, injected one note of caution. He said the first stage "programmed high," that is, did not begin its northeastern turn quite as early as it should have.

Speeds At 25,000 MPH

As a result, he said, the payload did not achieve the maximum escape velocity expected. The rocket had been aimed to break free of the earth's gravitational grip at about 25,000 miles an hour.

If Pioneer continues on course, its ultimate success will hinge largely on whether it receives a signal from an engineer in Hilo, Hawaii, to fire the small reverse rocket that it is hoped will ease the satellite into an orbit of the moon. This impulse also could be sent from Cape

Initial Firing Failed
Two months ago Yates and other Air Force officials had to face up to the press corps after a moon rocket blew up 10 miles and 77 seconds from the launching point.

Officials revealed that additional instruments have been installed in Pioneer to measure radioactivity along the entire course of the journey to the moon.

The total weight of the instruments is 30 pounds, compared to 25 pounds in the lunar robot. The Air Force attempted unsuccessfully to launch on Aug. 17. The overall weight of the payload was 94 pounds, but this was reduced to 75 pounds when vernier rockets on the payload itself were fired at 800 miles to stabilize it.

A scanning device to take an electronic picture of the back side of the moon's magnetic field was retained.

The Pentagon said the moon satellite was thoroughly sterilized with chemicals and radiation before the firing to avoid contaminating the moon if it should strike it.

The hoped-for moon satellite was reported to be broadcasting on frequencies of 108 and 108.6 megacycles, the same used by the Vanguard and Explorer earth satellites.

The hoped-for moon satellite was reported to be broadcasting on frequencies of 108 and 108.6 megacycles, the same used by the Vanguard and Explorer earth satellites.

One of the major insurance companies who has had representation in Mayfield, Murray and surrounding territory for the past 25 years is interested in contacting an ambitious man who aspires to an income well into five figures, enjoy a lot of freedom, no debt to collect, but have a lot of business transferred to him for renewal commission and an adequate finance plan until established in the business. This is an unusual opportunity for an ambitious person who really wants to get ahead and be able to command the respect and admiration of his friends and neighbors. Please write P.O. Box 328, Paducah, Ky., giving age, employment for past five years and family status.

Offense Of Tigers Shows Up Well

The Murray High Tigers displayed their best offensive showing of the year as they rolled over the Bowling Green Purples 39-6 before a chilly homecoming crowd at Ty Holland Stadium last night.

The Tigers opened with seven points in the first quarter, 26 in the second period, and clinched with six in the third period as the battle of reserves in the fourth quarter saw neither team cross the double strip.

Joe Bob Brewer added 21 points to his years total which put him in first place in the conference's top scorers. Ronnie Christopher scored twice for the Tigers and Billy Kopperud caught a 40 yard pass from Jerry Henry for the other touchdown.

Brewer also turned in an unbelievable record on the ground as he picked up 289 yards in 16 tries and only carried the ball two times during the final half. The Tigers scored first early in the first period on a 72 yard march with Brewer leading the parade with runs of 13, 20, 13, 17, and 4 yards. Brewer's kick was good.

When the second period got under way the Tigers all but led the game. On the third play of the period Christopher ran through the entire Bowling Green team for Murray's 13th point with 10:30 showing on the clock. Brewer's kick was blocked.

After the Murray kickoff the Purples drove 54 yards for their only score of the night which made the score 13-6 which was as close as the visitors were all night.

Two minutes later Brewer cut ran the Bowling Green team for 46 yards and Murray's 19th point. This time Brewer chose to run the conversion over and did so without anyone laying a hand on him.

After an exchange of punts Henry went back and found Kopperud all alone for a 46 yard touchdown pass and again Brewer kicked the extra point. After this it looked for a time like Murray would not score any more before the half. However, the Tigers took the ball on downs in the Bowling Green 32 in the final minute and a half of the half and marched on in for the score with Christopher going the final 12 yards. So Murray led 39-6 at the end of the half.

The only threat the Tigers made in the second half was mid-way in the third quarter when Brewer chimed a 62 yard drive with a 40 yard run and the only score of the second half.

The fourth quarter was played mostly in the middle on the field as both coaches cleared their benches. Final score, Murray 39 Bowling Green 6.

The Homecoming queen who was crowned before the game was Mary Leslie Erwin. Pat Beale and Melissa Sexton acted as her attendants.

BUTTERMILK CHAMPAGNE

HARTWELL, Ga. (UPI) — The buttermilk will flow like champagne at the dedication of a new Savannah River bridge next Wednesday.

The bridge will be crisscrossed with a jar of freshly-churned country buttermilk.

Five Years Ago Today

Ledger & Times File

Oscar Bernard "Bodie" Tabers, age 45, was found dead in his room this morning at 7:30 a.m. at the Beale Hotel. He was found by Julius Sharpe, manager of the hotel.

William Nold McElrath, son of Dr. and Mrs. Hugh M. McElrath, 1315 West Main Street, Murray, Ky., has enrolled in the School of Theology of the Southern Baptist Theological Seminary, Louisville, Kentucky.

Sam Hudgins has been made manager of the Larry Kerley Company, according to an announcement today by Larry Kerley, owner of the concern.

Four score and fourteen years have passed in the life of Mrs. Kate Rose who celebrated her ninety-fourth birthday at the home of her daughter, Mrs. Cyrus Linn, on Olive Boulevard Thursday.

The new A&P Tea Company grocery will open here next Thursday, according to an announcement made today by John Workman, manager of the new store. The firm will be located at the corner of South Third and Main Streets.

Windsor Tripp, well known to many in the county, will head the produce department of the store.

JENNIFER JONES AND ROCK HUDSON star in Ernest Hemingway's "A Farewell to Arms" in CinemaScope and Technicolor starting Sunday at the Varsity Theatre.

PUEBLO, Colo. (UPI) — Water caused a \$20 fire in Mrs. Joseph Cape's automobile. A gallon of distilled water on the back seat focused the sun's rays onto the upholstery until it set it afire.

TURKEY MOTORISTS FALLS CHURCH, Va. (UPI)—City Manager Lewis Z. Johnson has explained why he decided to allow police to use unmarked patrol cars.

"I never did like the theory of going turkey hunting with sleigh bells on," he said.

North Fork Moon...

(Continued from Page One)
Canaveral, if the position were better at the time.

But the payload package also is equipped with a homing device to receive the signal from earth. Sources close to the space test had estimated earlier that chances of a moon orbit were 70 to 80 per cent favorable if the rocket attained free flight.

An hour after launching, the Air Force said, "Signals received from the highly-instrumented payload indicated that Pioneer is proceeding on course at approximately the planned velocity."

Beyond Gravity Field
This, the Air Force said, is "the first man-made object known to escape the earth's gravitational field."

"Interpretation of data received is proceeding on schedule," the announcement said. "However, it must be emphasized that there exist many difficulties and

Mrs. and Mrs. George Jenkins, Mr. and Mrs. Gavlon Morris, and Mr. and Mrs. Olan Paschall visited Mrs. Ella Morris and Zippora Sunday afternoon.

Farm News and Other Items of Interest to Our Readers in the Rural Areas and Communities of Calloway County

Farm Facts

PROGRESS IN FORESTRY. In recent weeks I have had an opportunity to see a great deal of progress taking place in forestry in all parts of the state. This is as it should be because almost 50% of the state's area is classified as forest land and full use of our resources cannot be made without taking this area into consideration. Far too long have our forests been neglected and abused.

One sign of progress was the action of the recent legislature in passing an enabling act to provide for state wide fire protection in the not-too-long future. Then, there was the announcement by the Kentucky Division of Forestry that their goal of producing 25 million tree seedlings annually is about to be reached and now it will launch on the second phase of producing double that number.

Down in Hart County Improvement Association, probably the first in the state, has been formed to promote and encourage the full protection and utilization of their forested areas. In recent months 36 farm owners there have had their timber "cruised" to determine the quantity and quality of their trees so that a fair market

value can be established. The annual Banker-Farmer Day in Hart County this year was devoted entirely to forestry. The group visited a 350 acre tract of land that had been ruined by years of constant misuse. It bought by a conservationist in 1952 for less than \$10.00 per acre and is now being converted to a tree farm. Already 51,000 seedlings have been set.

Outstanding progress in forestry is being made in eastern Kentucky. Perry County land owners set over 770 thousand trees last spring to win the top honor in the state for their effort.

FROM DESOLATION TO CONSERVATION. Of all the human efforts put forward to reforest Kentucky mountains the results cannot compare with the natural reforesting that is taking place. When I first started work in eastern Kentucky over twenty years ago I was distressed by the sight of the many corn fields on the steep mountain sides, left unprotected from the ravages of erosion during the winter. A few days ago I again drove through the mountains and was impressed with the millions of popular trees that are coming back on the hillsides. I don't see corn except on the level bottom-lands, where yields are exceptionally good.

BUCHANAN NEWS

Miss Nancy Grubbs has been unable to attend school for several days due to an injured knee recently caused by a fall from her bicycle.

Miss Julia Christian spent Wednesday night with Miss Janice Altan.

A household shower was given Mr. and Mrs. Terry Sykes at the home of her parents Mr. and Mrs. Noble Cannady, Friday night.

Mr. Woodward Wilson of Paris visited Mr. Gilbert Sanders, Friday evening. Mr. Sanders is seriously ill and was carried to the General Hospital, Friday night.

Mr. Harold Wilson spent the week-end with Mr. and Mrs. Raymond Hutson.

Mr. and Mrs. William Cherry and children, Hopkinsville, Ky., were week-end visitors of Mr. and Mrs. Rupert Sanders, also were among the many visitors of Mr. Gilbert Sanders.
